

suites Aces and suited connectors and replacing them with offsuit Broadway hands.

When the action is folded to you, if your stack is between 12 and 40 big blinds, you should raise with this range from early position (*Diagram 8*).

*Diagram 8*

Of course, if your table is on the tighter side, feel free to raise with some offsuit Aces and additional suited connectors (suited hands with one gap, such as 9-7s, count as suited connectors in my vernacular). As your stack diminishes to fewer than 20 big blinds, you have to be careful not to raise too wide, especially if your opponents are aware that they should go all-in over your pre-flop raises. There is no point in raising 8-7s if you will
